Porcelain accessories in His and Hers design
All basins are available in His and Hers designs

Hers

Opulence console basins are designed to provide ample space for toiletries and can be complimented by elegant His and Hers accessories in porcelain with a platinum lustre edge decoration.

His

The perfect pamper

Opulence console basins are available in 80cm with an offset basin or as a luxurious 100cm large console with ledges. This gives plenty of workspace and enough surface area to store your beauty essentials in one convenient place.

A dressing room in your bathroom

The bathroom has become an integral part of our daily life. The Opulence range has a functional solution to suit individual needs within a shared space.

Illustrating the male basin.

You have your own space to accommodate your favourite products. Opulence creates the perfect male grooming solution. Any of the basins can be mounted into or onto a solid top like RAK's porcelain slabs for those who want further top space.

The Opulence range

100cm console basin

1 tap hole, integral ceramic clic clac waste, ceramic legs. Optional chrome bottle trap.

Opulence Features

As the No 1 ceramic and porcelain tile manufacturer in the World, you would expect our bathroom collections to meet your highest expectations. Our new creation, Opulence, contains some unique features for personal grooming not found with other manufacturers products.

Basins and Consoles

Available in three sizes for both male and female internal styling with dedicated click-clack ceramic wastes (included) and can be used with either a pair of ceramic legs (consoles), full slender pedestal or half pedestal.

Basin Mixers

Our water mixers are made by our own factory to the exacting standards of our German manufacturing partner Kludi and comply to all EU requirements.

Toilets – Close Coupled WC

Our close coupled WC's are carefully designed to ensure everything you expect to work does so with the efficiency of a Swiss watch. This is why we use Geberit (Swiss made) flushing mechanism 6/3 litre. The WC carries the WRAS flushing standard certificate so is usable anywhere. The toilet seat is a chunky 3.5 kg weight made from hygienic urea material. Fitted with soft close hinges as standard, the hinges also have the benefit of being 'top fixed' for easy access with our toggle bolting system which anchors the seat in position.

Manufacturing quality

Quality standard BS EN ISO 9001

Excellence is a way of life at RAK Ceramics. As a global leader in the industry we are committed to providing the highest quality products to our customers. RAK Ceramics believes in the principle that business organisations depend on their customers and we are committed to not only meeting our customers' needs but also to surpassing their expectations.

RAK Ceramics has been assessed by Bureau Veritas Certification UK and has been granted approval under the terms of the scheme for Supplier Quality Management system to ISO 9001:2000. The approval relates to design, development, production and supply of vitreous china sanitary ware.

Quality standards also relate to: ceramics and porcelain floor and wall tiles, porcelain slabs, vitreous china and fireclay sanitary ware including acrylic baths, and urea toilet seats and covers with extra strong anchoring soft close hinges.

Product specification

The company name RAK Ceramics and the product names in this brochure are trademarks of RAK Ceramics, United Arab Emirates. RAK Ceramics always pursue a policy of continuing improvement in design and performance of its products. The right is, therefore, reserved to vary specification and colour ranges without notice.

All information and product dimensions are correct at time of going to press.
